ORGANISATION

Established in the year 1992, We have emerged as a renowned Manufacturer & Supplier of PVC card making machines. Our machines are widely used for making PVC I-cards, Magnetic cards, Smart Cards, Bar code cards or loyalty cards that are used in various organisations and areas such as Hotels , Banks, Offices, Health care organisations, Schools & Colleges, Manufacturing facilities & Supermarkets.

We began our operations dealing in all aspects of Photographic industry under which we have set up more than 40 colour lab turnkey projects in and around Maharashtra. For about last 5 to 6 years we are prominent manufacturer & supplier of PVC card making machines & all types of cards. Our products have gained a huge appreciation for their high quality, low maintenance and user friendly features. We use high grade raw material for manufacturing which is procured from trusted vendors to ensure international quality standards.

We work in close co-ordination with our prospective clients to develop machines as per their requirements & provide them tailor made solutions. We have set up a state-of-the-art manufacturing facility, which helps our engineers in the production of world-class product range and in providing excellent after sales service.
