

### Indicator Strips & Tapes

Hydrogen peroxide indicator strips and tape are validated for use in STERRAD and V-PRO sterilization processes. EO gas indicator strips and tape are available in multiple sizes/widths. All chemical indicator products provide a distinct color change when exposed to the appropriate sterilization process.

### Universal Products

Validated for use in Steam, EO gas and Hydrogen Peroxide sterilization processes, SPSmedical Universal Load Record label and cards are made of synthetic material compatible with low temperature processes, as well as high temperature saturated steam processes.

### Load Record Labels

Universal Load Record Labels are available for the two most common labeling devices, are available in a variety of colors and styles and are manufactured free of latex. Labels should be placed on the indicator tape of wrapped items, on the load record card of rigid containers and on the plastic side of peel pouches.

### Load Record Cards

Universal Load Record Cards are easy to use, with each load record card allowing users to document load contents for traceability post sterilization.

Universal Patient Record Cards offer an easy and economical system for tracking sterilized items directly to the patient, as described in AAM ST79. Simply tape card to the outside of every package and apply load record label to the card. The OR then separates it at the perforation and places the card on the patient chart.

### ORDERING INFORMATION

Cat. No.	Description	Packaging
GPL-2000R	Hydrogen Peroxide Indicator Label	2000/roll
GPS-250R	Hydrogen Peroxide Indicator Strip	250/box
GSM-100	EO Gas Sterilization Monitor	100/pack
DMS-250	8" DUAL™ Monitor Strip (Steam & EO Gas)	250/box
HT-048	3/4" Hydrogen Peroxide Indicator Tape	24/case
GT-048	3/4" EO Gas Indicator Tape	24/case
GT-036	1" EO Gas Indicator Tape	18/case
URL-012*	Universal "Sterilized" Label	12 rolls/box
SRL-012*	2 line Universal "Sterilized" Label	12 rolls/box
UCL-010*	Universal "Sterilized" Label	10 rolls/box
SCL-010*	2 line Universal "Sterilized" Label	10 rolls/box
URC-250	3" x 5" Universal Load Record Card	250/pack
UPC-250	Universal Patient Record Card	250/pack
